

Year 4 - Spring 1

Welcome!

We hope you had a fantastic break and are looking forward to the new term!

Learning

This half term our learning will be based on Greek myths and Greek history. We will be focusing on the Greek influence in the development of modern society.

Not only will we be continuing to develop our pupils' English and maths skills, we will be learning the following:

Computing – We will create tables and graphs, format cells and insert formulae in Excel/Sheets.

History – We will examine 'What the Greeks have done for us' with primary and secondary sources to determine what influences the Greeks have had on modern society.

Science – We will continue to examine the states of matter with a focus on the water cycle.

Uniform

Thank you to everyone for making sure their children are

looking very smart and following our school's uniform expectations. Additionally, please check to ensure all pieces of your child's uniform have their **name** clearly on one of the labels.
